# Automatic Rice Cookers

## Electric Rice Cookers with Keep Warm & Steaming Features

**Cool Touch Body & Carrying Handle**

For convenient and safe portability.

**Domed Lid**

Helps prevent accumulated water droplets from re-entering the rice.

**Dual Cooking & Warming Indicators**

The "Cook" light indicates cooking is in progress and automatically extinguishes when cook time is complete. The "Warm" light indicates rice is cooked and being kept warm for when you're ready to eat.

**Keep Warm Feature**

When cooking is complete, the unit automatically switches to Warm Mode and rice is maintained at the perfect temperature.

**Mositure Cap**

Helps prevent boil over and maintains moisture after cooking for fluffier rice.

**Steaming Feature**

The unit doubles as a food steamer! Enjoy delicious steamed vegetables and other foods that retain their natural flavor, color & texture without boiling away nutrients.

**Auto Rewind Power Cord**

For convenient and tidy storage.

SR-TEG10

**One Step Automatic Cooking**

With just the press of a button, your rice is cooked to perfection and is then kept warm for use later.

**Included Accessories**

Rice Scoop, Steam Basket, Measuring Cup

Tips

Fill the pot with equal parts rice and water, plus an additional 1/2 cup of water.
